Are we Ruled by Yithros ?

K V Isaac

As Moses was taking Israelites from Egypt to Cannan, Yithro the father in law of Moses came and met him along with his daughter and children (Moses' wife and children). This event is recorded in Exodus Ch18. Yithro saw that Moses was leading a large number of people six hundred thousand men folk and the rest. Yithro could not understand it. Moses was their sole leader. Moses was really enjoying this great privilege of taking this people under his leadership. But Yithro felt pain in his mind because of the stressful hard work of Moses. His love for his son in law evoked some practical idea in his mind. He advised Moses. As a Midianite he could give only instruction on the basis of human knowledge and manner. We can read of his advice in Exodus 18:18-22. So Moses obeyed his father in law and appointed leaders for thousands, hundreds and tens. (EXodus 18: 24-27). Lord God did not raise any displeasure against it. It was a com-

fort for Moses.

But this was not the will of the Most High and His programme. So Moses could not have a permanent solution for this grave problem of leading this self willed people through the desert. So Moses came to the Lord wherefore hast thou afflicted thy servant? Wherefore have I not found favour in thy sight that thou layest the burden of all this people upon me? Have I conceived ...” Numbers 11:11,12. Moses never again went to Yithro instead he sought the help of His Master. Yithro could not help Moses. His advice came out to be a total failure. The people became a burden to Moses. When Yithro came Moses did not feel the burden of leading this people. But after accepting the advice of Yithro it became a burden for Moses. God now gives the suggestion (Num 11:16-17,25). God takes the burden away from Moses and divides it to seventy people. The Lord takes of a portion of the Spirit from Moses and gives to the seventy se-

lected by Him. Gods purpose will always be served through His plan alone.

Even in the church of God this type of Yithro's advice is coming through. Man is bringing their own plans in the assemblies to reduce the work load of the servants of Lord. But it does not do any good but will only do harm to the church. The organisational rule and set up brought to the assemblies with the first sight may good and easy and it may even thrill the believers. But God will not allow it. The Lord God has given complete picture of the tabernacle to Moses not to any one else. Yithros advice is not necessary for the men of God or the church. So the church of God does not need the wisdom of the Yithros. These days many assemblies are suffering because of the wisdom of the carnal people. Koreh was formed only because of Yithro's advice. In the eyes of human being the election and selection of Koreh was right. Today Korahs are increasing because of the man made election. They ignore God's plan and Gods election and selection is re-

Indiscriminate Attacks Continue in Orissa

The latest attacks against the Christians reveal that the calm and peace seen in Orissa in the last few days is only temporary and it is to be feared that it can be a mere camouflage of a greater violence and attacks against the poor minorities. When a ray of light appears in the black cloud it gives a ray of hope in us. But the religious fanatics have appeared again with their monstrous appearance and has started to attack the poor people again. If this violence continues in Kandamala and the authorities keep their hand and mouth shackled and tight then what will be the fate of the poor people is of great concern. It is beyond all our prophecies. The recent news reports published in the dailies and TV are shocking and fearful. The news reports of the authorities give only a vague picture of what happened there. How many have been brutally slaughtered how many women have been raped in the sun, how many huts and houses have been burned and how many churches. What terrific and horrible situation.

Dear Saints, It is of great happiness that believers of our assemblies did not have to bear much of the onslaught of the attacks. We should be much thankful to the Lord that he has protected us like the apple of the eye. When the Lord God saw that the people of Nineveh were going to eternal hell He sent Jonah there. Likewise the Lord has a loving heart to the tears of the people of Orissa. As we are staying in the dream palaces we may think that there is no need to worry. But the Lord God saw, saw the suffering of the people of Israel and heard, heard their cries. We have the same living God today also. When the religious fanatics are dancing in their frenzy, let us kneel before our Lord. Let us try to help those who are suffering and who are being tortured. Let us cry, cry and wail for Orissa and Karnataka and also pray for the central and state governments. May God help us to do it.

Gods Grace and Gifts of Holy Spirit

Jose Mathew, Mangalapuram

Our life style should be in accordance with the gospel in the midst of our brethren. We should please our God in our personal life. Our relationship with brethren is as important as our relationship with God. When we turn our attention to Rom 12:6-13 we can see that all these gifts

that God has given to His church are not only for the edification of spiritual life but also for the strengthening of our brotherly relationship.

1. Using the gifts according to grace. Vs 6.

Eph 4:6 is also speaking about gifts and grace. God has given different gifts to each one in

different level. We have different gifts according to the grace given to us”. Many of the gifts given to the first century church are not seen today. But God has given gifts which we need in these days. We have given gifts in order to minister others or serve others. Those gifts will not loose from us. Salvation is

Editorial

SAINTS On EARTH ?

The Malayala Manorama Newspaper dated 13th Sept 2008 has come out with the topic "The saint of India to this world". Pope Benedict XVIth has declared Alphosamma as a saint (canonized person) who was born in Kudamaloor in an ordinary family and became a nun. While jotting down these words it has been found out that Rev.Pathriyarkis Bava had declared Yuyakeem Mar Koorilos as another saint. Spirituality is also commercialized ...! These type of 'Holy' proclamations without Christ are just like measuring rods without proper measurement. We wish if the world realize such declarations have no connection with the Holy Bible and Christ.

All human beings are the descendants of Adam who committed sin against God. Is there any saint born from sinners? Rom 3:23 "There is no difference for all have sinned and fall short of the glory of God". (Rom 5:12) "Therefore, just as sin entered the world through one man, and death through sin, so death spread to everyone, because all have sinned." (Psa 51:5) "Behold, I was brought forth in iniquity, and in sin did my mother conceive me." All these verses clearly says that man is a sinner. Daily Newspapers also witnesses to this great truth. No priest or no religious customs can make a person holy and declare him a saint. In this pathetic condition of man, God sent His only begotten Son, Jesus Christ to the world. The Lord has laid on Jesus the iniquity of us all (Isai 53:6). Though He died and buried in the cave, He has resurrected from the dead on the third day and still lives for us as our savior and Lord by sitting at the right side of His Father. Therefore He sanctifies those sinners who receive Jesus as their Lord in their heart. He redeems them and saves them from the eternal hell. Yes.. The blood of Jesus purifies us from all our sins (1Jn 1:7). The saints of the earth are those who are purified by the blood of Jesus Christ (Ps 16:3).

Paul address the believers as saints (1cori 1:2). We have been made holy through this sacrifice of the body of Jesus Christ once for all (Heb 10:10). Bible address believers as 'Saints' while they are alive and not after death. No one can declare a person as holy after his death.

Those persons who are sanctified through the blood of Jesus should be holy just as Christ is holy. We, the brethren, should be moved away from all impurities and immoralities. These are days in which several people who are not living according to the gospel strive hard for high positions and often such persons rule from this positions. But Paul advises Timothy like this "watch your life and doctrine closely (1Tim 4:16). Ministers should be blameless and he should live in accordance with the Gospel. "Clean yourself" is the command given to Levites. People who called out for proclaiming God's praises should live holy and keep themselves from being polluted by the world. Just as Daniel, lead a holy life in the midst of unholy situations, we the children of the Lord are expected to lead a holy life in this world.

There is a peculiar creature named "Hermmin" in European forest. Their hairs are brightly shining in golden colour. It is not easy to catch these creatures since they move as fast as Rocket. Hunters find out their shelter and cover it with mud. When the hunters chase them to catch, this creature goes to its cave for saving its life but it will not enter to its hole just because of the mud. It will not allow its hairs to be dirty and unclean even if it gets killed. Are we not also obliged to keep ourselves from the sin by fighting against it until our death since we are justified by faith? Let us live a holy life so that we will be transformed just like Jesus.

We are not made holy after our death. We are a Holy nation now itself. May God help us to lead a holy life until the second coming of our Lord Jesus Christ. The singer sings like this

"Let us be holy and prepare ourselves. For the Lord comes very soon."

George Peter

(Gods Grace and ...contd from page 1)

God's gift. We will not loose it. Other gifts are also like this. In the same way God will not give gifts which the church doesn't need at all. For instance we give a three wheel cycle to a baby but a bicycle to an adolescent and a motor bike to a youth. We will not do the reverse of this. Ha.... How great is our God...!. He also does in the same way. "But we need God's grace abundantly in order to use all the God given gifts in the perfect will of God. Nobody uses a motor bike having no fuel for a long. In the same way those ministers who are not having the God's grace will not go ahead in the ministry for long. May be we can see all the outward expression of God's grace in one's life just as he depend fully on God's grace earlier. But it is clear that such type of ministry will not bear fruits. When we lead a life

which is fully dependent on this grace by asking it in our lives and serving others, we will see that such type of ministry bears fruits and that will help us to walk in accordance with the gospel.

2. Using gifts to meet the purpose. Vs 7, 8.

God gives gifts with crystal clear purpose. "I should use those gifts for what purpose God has given it for me". Normally we use this terms rich believers and poor believers. This saying is absolutely wrong according to the words of God. The donor has given plenty to some people and very little to some other people. Both of them are accountable to God. God has given plenty to some people in order to meet others needs. Acts 4: 32-35 says, No one claimed that any of his possessions was his own, but they shared everything they had There were no

needy persons among them.....brought the money from the sales and put it at the feet of apostles.

Often we think that others have given very little so I too will do the same. But this attitude is not righteous in front of God. When all the brothers of a church use different gifts faithfully, there will not be any need in that church. Let us consider an example. Once a woman said like this, every Saturday her husband browses some message from internet and present it before the church on Sunday very nicely and gets clappings and appreciations. This is not the thing that God wants from us. But we have to analyze whether this is the thing that goes on these days in the midst of us. Dear children of God, what God wants from us is "Since you are eager to have spiritual gifts, try to excel in gifts that

build up the church" I Cor 14:12. This is the thing that God want us to be.

3. Exercise true brotherly love. Vs 9, 10.

There is an intimate connection between gifts of God and brotherly love. As we study in I Cor 13 we come to know that if we are not having brotherly love, all our gifts are in vain or futile. It is impossible to use gifts for the glory of God without love of God. Love of God and devilish act will not go hand in hand. We should hate evil and stick to goodness. If we are really having love of God, we can respect others and consider others better than ourselves in humility. Then we will give primary place to them. We can say that our love is purely divine and selfishless only when we begin to think that our brothers should be blessed in every way

possible than me. Consider others better than ourselves.

4. Always be active in service 12:11

It is very significant that what Paul says to Timothy "flame the gifts of God" 2Tim 1:6. Often we become lazy in God's ministry and we are justifying our laziness too. But Bible calls such persons as wicked ones. In Matt chap. 25 we see the person who got one talent is called as wicked and lazy servant by our Lord. We should note this with proper care. God acts in accordance with our thought. We should stop serving Lord for gratifying our physical needs and their physical labours. They did not choose Bible School as the last option when all other avenues failed before them. God has chosen us not on the basis of our education or some other qualification, but on the basis of

our thoughts of our innermost heart. So we should actively serve our Lord with pleasure.

5. Continuing steadfastly in the service (12:12)

Continue in serving Lord by keeping the spiritual enthusiasm. May be circumstances will not be favourable to this. Result will not appear fast. But God will give the result at the right time for His glory when we continue to submit ourselves fully in his ministry. George Muller had prayed for his two friends continually and earnestly until his death. Because of his continues prayer those two friends received Jesus as their saviour at the time of his funeral service. How encouraging this incident is..!

6. To meet the needs of the saints (12:13)

God gives gifts for meeting the needs of saints also. Brotherly love and hospitality are inseparable and complimentary to each other. It is good to give rather than receive. Act according to it. We should show interest in giving. When we use our gifts like this, God's name will be glorified. We can live straight forward in gospel.

Continued Are we Ruled by Yithro's ?

vealed through the presence and work of the Holy Spirit. The method of election of the Lord is unique and without any parallel. No one can oppose or question it. Those who are elected by God's will have the fulness and control of the Holy Spirit. Those who are being elected by human being will be good, wise, efficient and may be excellent in many respects. They are a must for the world and wordly things. But for the things of the Lord ie, spiritual things we need people with the Holy Spirit and they should lead a life guided and controlled by the Holy Spirit. Who is ruling our assemblies today? Are they men of God? Are they called by the Lord for His ministry? Or Are they mere self styled evangelists and teachers and pulpit teachers? How can we separate the chaff from grain? We can recognize it from the fruit of their

labour. If the assembly is counselled or ruled by men of God then there will be spiritual revival, happiness and unity and love in the assembly. But if it is controlled by carnal people who are wise and intelligent then the by-product will be competition, factions and divisions and spiritual lethargy in the assembly.

Hagar gave birth to an Ismail in the life of Abraham . God did not question Abraham for taking Hagar as his concubine as the advice of Sarah. But they were acting upon the instinct of human wisdom. He is one like a wild ass. He was very strong and with his physical strength he could do many things. But he will mocked the promised son. But the Lord asked Abraham to get rid of Ishmael. Today many leaders of the organisation enter and try to rule the assem-

blies. They are like this Iashmael the wild ass with much strength and power. They do not accept the real teachings about the church of God. According to the Scripture they have no positions in the assembly. **There are no presidents or secretaries in an assembly.** They should be ousted from the local assembly. A son through Hagar was not according to the plan of God. It was humanly planned and only through his wisdom. Sarah encouraged Abraham and got Ishmael and she herself had to bear the consequence of it. Even

today the same Ishmaelites of the local assemblies are doing the same. They do mock those who are elected by God. They just ignore the Lordship of Christ.

Organisations should not be inside but outside the church. Church should be ruled and shepherded by those ministers raised and elected the groom of the assembly itself. The doctrine through apostles given by the Lord should be practised in the local assemblies. We do not have to give white linen of righteousness to believers. It is our responsibility to keep it clean and tidy without any blemish filth and dirt. No

need of any support from the wisdom of world. Church is rich and satisfied in Christ who purchased her. "Therefore take heed to yourself and to all the flock among which the Holy Spirit has made you overseers to Shepherd the church of God with His own blood". So such a church should be ruled by only men of God elected by Himself. Let us lift up our eyes and see ... (A request from the desk of the Chief Editor. Those who read this article may read it prayerfully and diligently. The ideas are great, let the scripture speaks to your soul directly. Let us discern the shepherd who feed the flock)

Are we the Witnesses of Christ ?

True Christians carry Christ. Their responsibility is to hold Christ in whatever situations they live by bearing fruits of Spirit. When they fail to do so, Christianity becomes weak in front of others. That is even shameful to our Lord also. Today what happened to those who tell that they are witnesses of Christ is that they are not able to reveal whose children they are. Because even though they are called 'God's children', their lives didn't show any of His character. Does that hurt our Lord's heart?

Once there was a nice man who had a big hotel. In front of the hotel, a board was hanged which has an advertisement so that everybody can see it. The advertisement was like this "Accommodation and food free for Evangelists". An evangelist who went by that way asked a question within himself when he saw the board "I am a person who took the name evangelist. What is the problem to stay here for few days? Everything is free. It is said to use the time rightly". Suddenly he went to the hotel and registered his name to stay there for 3

days. While writing his name, he didn't forget to add 'Evangelist'. The owner himself is the manager of the hotel. He gave a very nice room to him. He treated him in the best way. After 3 days of his stay, the manager gave a bill of fair amount. Surprisingly he told the manager "I am an Evangelist. For those people it is written that food and accommodation is free. Then why you are giving me such a huge amount as bill? Then the manager replied "That is right. But I was observing you since the time you came here. I dint see you praying or reading the word of God at any time. You ate very nice food during these three days. I didn't see you even giving thanks for the food that you ate. You didn't even say a single word about God to me or any others in this hotel. In that case, how I will say that you are an evangelist? So kindly pay the money as per the bill. After that what had happen the readers can imagine.

God gave his children a duty with great responsibility. They had to go to the ends of the world and spread His gospel. When Apostle Paul was chosen, he was selected

as His vessel to spread His gospel in three different areas. There are many people who have the wrong concept believing that spreading the gospel is the responsibility for only the evangelists. Do the people who are called by the name evangelists are doing their responsibility in the proper way? We should not be like Cretians. We are not chosen to be like Gehazi who gain money and met the materialistic needs of the house. God who provides us the food and necessary things are watching us like the hotel owner who observed the evangelist. Do our hands be strong while he settle the account? The third day will come after two days. God will see our account. Will we be ashamed? We all are supposed to appear before His judgement throne.
