WHEN BROTHERS LIVE IN UNITY

V P Poulouse

The foundation of unity. We see the foundation of unity in Ps 133. Brothers live together here. We are the sons and daughters of the same Father. This relation is not based on the fact that they believe in the same principles or they gather in the same church. God reveals the seven foundation stones of unity in Eph 4:4-6.

One hope: - The fact that we are moving to the same direction with a same goal itself makes us united. In the Holy Communion we see the phrase "Until the Lord comes" which gives us the same hope.

One body: - All believers who are born again have come to the blessed relation that they are the members of the same body. We see this truth in

Eph 1:23 in relation with the universal church of Christ. The glory of this phrase is revealed in 1 Cor 12:27 with regard to the local church. "Now you are the body of Christ, and each one of you is a part of it". The members of the local church should act just as they are the members of the same body. We testify this truth in silence when we eat the Lord's Supper on Lord's Day. There is no wonder that our body works in unity. But the devil has destroyed these basic truths from our mindset that the local church can act in this way. Often we do not consider it as serious when the local church is losing its unity. We say all these things are happening from the first century onwards. We are not taking any immediate

measures when the body of Christ (the church) loses its unity. We have the strong foundation of brotherhood and unity which can guide us just as we are the members of the same body.

One spirit: - All children of God are born again by the power of the same Spirit. So all of us should be controlled by the Holy Spirit (Phi 1:27). We should keep the unity through the Lord of peace (Eph 4:3). The first thing that we see in the fruit of Spirit is love. Only those who live in the fullness of Spirit can keep this unity in the Lord of peace.

One Lord: - All believers accept the Lordship of our Lord (Rom 10:9, 10). Those who are under the same authority can testify God in unity in all the way possible.

God's Greatness Revealed Through Science

One of the reasons for Jesus' primacy over creation is that in Him all things hold together. Not only did Jesus create the universe, He also sustains it. He maintains the delicate balance necessary to life's existence. He quite literally holds all things together. He is the power behind every consistency in the universe. He is gravity and centrifugal and centripetal force. He is the One who keeps all the entities in space in their motion. He is the energy of the universe. In his book *The Atom Speaks*, D Lee Chesnut

describes the puzzle of why the nucleus of an atom holds together.

Consider the dilemma of the nuclear physicist when he finally looks in utter amazement at the pattern he had now drawn of the oxygen nucleus. For here are eight positively charged protons closely associated together within the confines of this tiny nucleus. With them are eight neutrons - a total of sixteen particles - eight positively charged and eight with no charge.

Earlier physicists had discovered that like charges of electricity and

like magnetic poles repel each other and unlike charges or magnetic poles attract each other. And the entire history of electrical phenomenon and electrical equipment had been built up on these principles known as Coulomb's law of electrostatic force and the law of magnetism. What was wrong? What holds the nucleus together? Why doesn't it fly apart? And therefore why do not all atoms fly apart?

Chesnut goes on to describe the experiments performed in the 1920 and 1930 that proved

Punjab Campaign Restarted

The campaign which was suspended in October was restarted on 31st January 2009. C J Mathai, Chelakkottukara, Eldho Paul, Thalikundu, K J Kuriakose Kadathuruthy set off their journey on January 28 and reached Patiala on 30th. They attended a meeting in Ludhiana on 31st. Then the work took off in Ludhiana. On February 1st the team members worshipped the Lord with the saints in Ludhiana and from Monday onwards the work was started. The schedule of the work is as follows: February 2 to 12 Ludhiana, February 16-31 Pathankottu, February 16-31 Jalandhar. The programme of follow up work is for two months. We request the prayers of the saints for a continuous work without any obstacles and to get fruits.

Kasargod District Campaign

With a view to start a campaign in Kasargod a group of four people reached Pannur and was received by brother Saji. Mr. Varghese Mathew, K P George, C E Roy and K D Johnson are in the team. They started house visiting and open air meetings. The purpose of this campaign is the installation of local assemblies. Prayers are solicited from our dear brethren for it.

Attention Dear Subscribers

During the convention season many brethren cleared all their arrears and this was a great encouragement to us. We thank the Lord for enabling you to pay it and our thanks to all our subscribers. But still we have to go a long way. Presently we are not facing any financial crisis. But if we don't get the arrears from our readers in India and abroad we will be in trouble. If our dear readers, who are abroad, clear their dues we are sure that we will get lakhs of rupees. Approximately arrears of the foreign readers alone can be 3 lakhs. Many have changed residence but without information. Please cooperate with us for His glory. Kindly clear the dues. This is a humble request in the name of the Lord. Thank you

Financial Recession — Some Unsavoury Truths

The financial experts, the world leaders and the common people are afraid of that, the 1930 financial crisis will repeat again. An American company recently expelled 45000 of its workers. This is happening in the Middle East also. The gulf countries which are having thousands of corporate offices are also at the door step of crisis.

All these happen with the knowledge of our Lord who has counted our hair also. Because of the sins of the Israelites and the Jews, they went under the bondage till they confessed. Today's lethargy in all fields among the Brethren are due to their lethargy in the spiritual field; because they sold themselves to the world.

The spiritual lethargy is seen in many fields. Our bride-groom commended about the church of Laodicea the same thing. It is admirable that the Brethren give much importance for the worship on Sundays with breaking of bread. But nowadays the worship is also very weak. Many come very late for the meetings and goes out before the word ministry. Many people discard Sunday worships and goes on journey, entrance exam, tuitions and for business meetings etc. These actions are sorrowful in the sight of God.

If we examine the modern aptitude of evangelism it will bring out some reasons of lethargy. Years ago there was an opinion poll for the most loved one and the most hated one in America. Many people voted for the hated one as the pulpit preachers who appear in the T V channels. They gave the reasons for that also. Without any shame they request for money at the beginning and at the end of their programme. After the year 1980 the Brethren had started many ministries, trusts and publications. When we look into the

style and aim of these activities, without any doubt we will realize their financial gains.

The laziness is the greatest curse in the field of evangelism that we face. The number of convention is increasing day by day. Music fests, youth's get together, musical evenings, word showers etc are on the increase. All these become a show of. Some of the brethren are behind the prosperity gospel like others. A question arises here. How they are getting the money for all these activities? People see this as a luxury and show of. Such a way the gospel is misunderstood among the gentiles. The apostle's method of evangelization has vanished. The children of God forgot the personal and collective method of gospel work. The Y M E F which was originally started for the growth of church and for the evangelization has also deviated in some places. The tug of war for position and money are seen in some places. A spiritual lethargy is seen every where.

Dear children of God, Let us lament upon this difficult situation. Let us bow down before God for all our physical blessings, without finding modern interpretation for the word of God for the personal benefits. Due to the financial support and family commitment many churches are under the clutches of human control. Many institutions are also in the same way. In many churches we can see the financial leadership instead of spiritual leadership. All these financial lethargy came because of the spiritual laziness. Let us realize the facts and come back to the reality of the word of God without any delay. Yes let us come back. May the merciful God help us to do so.

V S Mathew

(When Brothers Live contd from page 1)

One faith: - Another factor which helps to stand in unity is the fact that we receive and accept the same Christian truths. Haman was able to see the unity of the children of God in Est. 3:8. Then Haman said to the King Ahasuerus, There is a certain people, scattered and dispersed among the people in all the provinces of your kingdom; their laws are different from all other people's, and they do not keep the king's laws. Their obedience to the word of God made them different from others. God will honor the unity which comes from the reverence to the Christian truths. God has given some laws One baptism: - Baptism in one spirit is a strong foundation of unity (1Cor 12:13). "For we were all baptized by one spirit in to one body, whether Jews or Greeks, slave or free, and we were all given the one Spirit to drink". Baptism in the Holy Spirit is a special experience of the church of Christ. We can see the need of keeping unity in relation to the principle of faith here.

Difference in doctrines causes). Which are necessary to lead a successful family life. God pleases with those who obey him. God pleases with the children who obey their parents. (Col 3:10). God pleases with the children who are caring and repaying their parents. (1Tim 5:4). We see many parents obey their children in order to have peace in the family. God does not please with this type of unity in the family. Wives should submit themselves to the husbands. But some time we see the opposite in order to have peace in the family. But God is not pleased with it. Young men should obey elders. We see the opposite in many places, but God never agrees with it.

One Baptism: - Baptism is a strong foundation of unity (1Cor 12:13). "For we are all baptized in one spirit in to one body whether Jews or Greeks slave or free and we are all given the one spirit

to drink". Baptism in the Holy Spirit is a special experience of the church of Christ. We can see the need of keeping unity in relation to the principles of faith. Difference in doctrines causes to form hatred and discord and thus Satan will defeat us in this way.

One Father: - We are the sons of the same Father. Late Br M E Cherian had described this truth in a beautiful way in a song like this; we are the children of one Father, we are the heirs, in one baptism we became one body and how great it is when the brothers live together! We are obliged to love our Father in heaven because he is our creator. Every one who loves the Father loves his children as well. (1Jn 5:1). Who else can live in unity if the people of God who received the foundation of unity can not do it?

God's Greatness ...contd from Page 1

Coulombs law applied to atomic nuclei. Powerful atom smashers were used to fire protons in to the nuclei of atoms. Those experiments also gave scientists an understanding of the incredibly powerful force that held protons together within the nucleus. Scientists have dubbed that force the strong nuclear force but have no explanation for why it exists. The physicist George Gamow one of the founders of the Big Bang theory of the origin of the universe wrote "The fact that we live in a world in which practically every object is a potential nuclear explosive without being blown to bits is due to the extreme difficulties that attend the starting of nuclear reaction. Karl K Darrow a physicist at the bell Laboratories agrees: You grasp what this implies. It implies that all the massive nuclei have no right to be alive at all. Indeed they should never have been created and if created they should have blown up instantly. Yet here they all are Some inflexible inhibition is holding them relentlessly together. The nature of the inhibition is also a secret one thus far reserved by nature for herself.

One day in the future God will dissolve the strong nuclear force. Peter describes that day as the one when the heavens will pass away with a roar and the elements will be destroyed with intense heat and the earth and its works will be burned up (2Peter 3:10). With the strong nuclear force no longer operative Coulombs law will take effect and the nuclei of atoms will fly apart. The universe will literally explode. Until that time we can be thankful that Christ upholds all things by the word of His power Hebrews 1:3. Jesus Christ must be God. He made the universe, existed outside and before it, and preserves it.

poisonous moccasin snakes swam past his face. and great alligators passed and repassed his silent watch. 'It was not pleasant.' he said. as his face glowed with enthusiasm, 'but what of that?' I have the picture of the bird.' He would do that for the picture of a bird. The great military commanders of history learned the lesson of discipline. Famous musicians had to bow their necks to the yoke of discipline. Leaders in every walk of life worked, practiced, suffered and endured before they reached the pinnacle. The heights by great men reached and kept were not attained by sudden flight But that Mille their companions slept Were toiling upward through the night.

God calls every Christian to a life of discipline. There must be discipline in prayer, discipline in studying the Word, discipline in the use of time, discipline in witnessing to others, discipline in sacrificial living. By the example of the Lord Jesus, by the clamant needs of a perishing world and by the personal peril of being a castaway at last, let us discipline ourselves so that Christ will get the most and the best out of these passing lives of ours.

Spiritual Ministry

Mathew Philip Trivandrum

It is the will of the Lord that every ministry should result in the edification of the assembly whether the ministry is inside or outside the assembly. The Lord of the church is Jesus Christ and His presence is there in the assembly. "When two or three are gathered in My name, then I am in their midst" is what our Lord said while He was in this world. Likewise the presence of the Holy Spirit is there in the assembly as well as in the believer.

There are certain rules and regulations for each and every thing that has to place in the assembly which is the body of Christ. All these rules should be totally and completely observed and obeyed in the assembly. God

won't accept anything short of perfect obedience to His commandments. Man is not expected change anything that has been revealed by God through His servants in relation to the local assembly or church.

Everything that has to take place in a local assembly should be spiritual. If it is to happen then the members of the assembly should be spiritual. They must be real believers who are born again in the real sense of the term world. They should not be such a group who ignore the Word of God and the statues of the local assemblies has been given by the Lord of the church. Man made statues and regulations are not at all divine. They cannot be divine but satanic.

Anything and everything that takes place in the assembly should be

controlled and guided by the Holy Spirit. There is no difficulty in understanding the ministry which are not controlled by the Holy Spirit. As we read in Ephesians 5: 19-20 Speaking to one another in Psalms and hymns and spiritual songs singing and making melody in your heart to the Lord. Giving thanks always for all things to God the Father in the name of the Lord Jesus Christ. Spiritual things should be done by spiritual men. If not it will affect the growth of the assembly very badly. The assembly will not be able to serve its purpose.

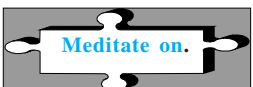

Who are the real spiritual and godly servants. We can see the qualifications of the elders and deacons in the pastoral epistles. The Holy Spirit has made it clear in the epistles of Timothy and Titus. We

can see almost 18 qualifications of the ministers in these two epistles. Everyone on the spiritual leadership has to undergo a self examination to find out the number of qualifications they have. We often think that there is nobody with all these qualities. So I am also one like them is not the remedy or a lame excuse to escape from the responsibility. If a person in leadership even lacks a single of these qualities it is better that he should relieve himself of his responsibility. There are people who left ministries because of their shortcomings. God will honour them. The other group will be judged by the Lord.

The presence and ministries of the ministers who have these qualifications will affect the growth of the

church. There is no doubt for it. They are the reason for the downward fall of the churches. New souls are not added to the assemblies. Those who are in assembly failed to gain spiritual growth. They are prevented of it. Spiritual and godly men should be the leaders of the assembly. The sole qualifications of many is that they are the husband of one wife. That type of leadership will be a failure. Many of the elders are elders because of their old age. They have no proper knowledge in the word and have no talent to teach the Word also. They though not eligible fight for their positions. They play all sorts of tricks to be on the helm. Many of our assemblies are ruled by such men. They fail to open their mouths to say a word of thanks or few words on any given occasions. Most of them at the same time beat even politicians, if they have to speak on other issues. Some assemblies are ruled by committees. They do not need any spiritual qualifications.

Discipline

William MacDonald

In the Christian life, it is possible to follow the path of least resistance and to escape the rigorous demands of personal discipline. By catering to the soft and flabby desires of the flesh, we can avoid the pain of weariness, hunger and discomfort. But in striving so hard to baby the self-life, we become sterile, barren and insipid.

The flesh struggles unceasingly for V.I.P. treatment. It wants to be surfeited with food, satisfied with sleep, surrounded with pleasure, and sated with attention. Lentil we learn to say NO' and mean it, there can be little progress for God. We must buffet our body and bring it into subjection. We must crucify the flesh with its darling affections and lusts. We must make it our business to rise early, redeem the time, and refuse the pathway of self-indulgence.

By its shocking lack of discipline, Christendom has become a powerless giant. It enjoys the contempt of the world. The disciplined lives of unbelievers often put the Christian in a very bad light.

When asked the secret of his prowess as a pianist, Paderewski said, "Practicing scale, hour after hour, day after day, till these poor fingers were nearly worn to the bone." It is said that Milton used to rise at four every morning to write Paradise Lost. Noah Webster worked for 36 years before the first edition of his dictionary was finished. Men are willing to endure tremendous hardship for earthly honors. Sir Ernest Shackleton once placed this ad in a London paper: Men wanted for hazardous journey. Small wages, bitter cold, long months of complete darkness, constant danger, safe return doubtful. Honor and recognition in case of success. They all returned to their homes in safety, and were given honor and recognition. They did it to obtain crown: how much more should we be willing to do for an incorruptible crown.

Many would like to enjoy the reward of a job, well done, but they don't want the toil, heartache and loneliness that often lead to it. For Gibbon it meant 26 long years of discipline to write the Decline and Fall of the Roman Empire. For Bryant it meant rewriting Thanatopsis 99 times.

Jowett said, "Vast ambitions are not kept burning

in the soul without fuel. They suck the very energies of the body into their own flame. Fine passion makes a heavy drain upon the nerves; the suburbs are scoured to feed the fire at the center. There is not a man or woman of holy Christian passion today who is not burning the candle at both ends." Audubon, the great naturalist, was willing to undergo prolonged discomfort to learn more of the world of birds. Let Robert G. Lee tell it: He counted his physical comforts as "nothing" compared with success in his work. He would rise at midnight and go out into the swamps to study the habits of certain night hawks. He would crouch motionless for 0 hours in the dark and fog, feeling himself well rewarded, if, after weeks of waiting he secured one additional fact about a single bird. During one summer he went day after day to the near New Orleans to observe a shy waterfowl. He would have to stand almost to his neck in the nearly stagnant water, scarcely breathing, while countless
